SWISS DESIGN

mechanical sewing machine

DESIGNED FOR JEANS

Inspired by denim, the elna 3210 is robust, flexible and easy to use. While it is built to handle even the thickest fabrics, it is also perfect for lightweight or stretch materials. All the features you need to sew or customize jeans and create must-have outfits that will stand the test of time:

- particularly strong needle penetration
- adjustable foot pressure
- extra-high presser foot lifter
- drop feed dog
- free arm for sewing trousers or sleeves

EASY THREADING

This model is designed to facilitate your work and the machine threading. These tools will help you start off your work without any difficulty or waste of time:

- the top-loading, horizontal rotary hook ensures smoother sewing and avoids thread jams
- a clear bobbin cover to keep the thread level under control
- the built-in needle threader enables to thread the needle in just one movement

LAVISHLY EQUIPPED

You will also love the generous accessory package coming with this machine, along with its smart storage solutions:

- an original denim bag that serves as a protection cover or carrying bag
- seven additional presser feet for special sewing tasks, such as blind hem and overedge feet, or automatic and extra-large buttonhole feet
- a built-in accessory storage conveniently placed in the top cover
